**Directions:** The chart below shows the growth rate of all green product sales by Philips between 2011 and 2015, as well as the sales amount of green products in each of the three sectors of lighting, consumer lifestyle, and healthcare. Using the information from the chart, write a report (of at least 250 words) to compare green product sales among sectors, and describe the trend in green product sales as a whole.

#### Part II (60 points)

**Directions:** Many students have part time jobs. However some students prefer to spend more time in study. Tom, a freshman, is troubled by this choice. He needs to make money to support his study, and he also wants a good academic performance to get a great job after graduation. What's more, he thinks more social activities can help him become extroverted. Suppose you are a junior student, you need to write an e-mail (of at least 350 words) to help Tom based on your personal experience.

The e-mail should include the following information:

- I Tom's priority at college in your eyes and your reasons.
- I what you have learnt/missed due to the choices you have made in your freshman year.
- I the tips on how to maintain a balance between study, work and club activities.
